

## Indians

senior members of the team, like Marley Starnes and Katy Hosier, all stepped up into major roles throughout the course of the season, each improving significantly as the campaign progressed.

While players like Catey, Jones, and Ramey will be back next season, Webb, together with Watson, will move on to the next chapter of their lives. Webb stepped up her game on both ends of the floor throughout the campaign, and Watson, while she could not suit up for the Indians, was always found encouraging her teammates and providing lead-

ership for the sideline.

Fighting to hold back tears, Friday spoke glowingly of both girls, stating that they were not just special basketball players, but also special young women as well.

“Darah and Alayna, they mean so much to me,” Friday said. “When I came in as a JV coach under Coach [Omega Tandy], they were freshmen. I got to coach them both every year. They are super special to me—and not just in basketball. They’ve grown so much as young women. That’s what I’m proud of most. Alayna is such a great basketball player, and she could have

played collegiately if she wanted. Darah could have as well. But their grades, their personalities, and the kind of people they are, those are the type of people we want in our system and in our culture. It’s hard to lose them...but I am unbelievably proud of them and what they’ve done the last four years.”

Mississinewa ends the season with a 5-16 record.

### Here’s How It Works:

Sudoku puzzles are formatted as a 9x9 grid, broken down into nine 3x3 boxes. To solve a sudoku, the numbers 1 through 9 must fill each row, column and box. Each number can appear only once in each row, column and box. You can figure out the order in which the numbers will appear by using the numeric clues already provided in the boxes. The more numbers you name, the easier it gets to solve the puzzle!

### Fun By The Numbers

Like puzzles? Then you’ll love sudoku. This mind-bending puzzle will have you hooked from the moment you square off, so sharpen your pencil and put your sudoku savvy to the test!
